Automann adds APSCO Pneumatic & Hydraulic Controls

Automann is pleased to add the APSCO brand of Pneumatic & Hydraulic Controls to its offering.

APSCO has been a leading manufacturer in pneumatic cylinders, controls and valves for the transportation market for over 50 years.

As a leader in Pneumatic & Hydraulic controls APSCO continues to evolve addressing the customers needs and providing innovative solutions for the challenges of the heavy duty industry.

In February of 2022 APSCO announced the addition of STAC Inc. THERMAFLOW® and ARC product families are now available through APSCO providing the most comprehensive line of hydraulic reservoir, filter, and cooling systems available.

Highlights of the APSCO offering:

- Wide range of high quality Pneumatic & Hydraulic Controls
 - Dump Truck Controls
 - Roll Off Hoist Truck Controls
 - Waste Truck Controls
 - Air Power Applications
- Comprehensive offering of hydraulic reservoir, filter, and cooling systems
- Custom consoles program available
- Manufactured in the USA
